Following up: it looks like the people who would be able to answer definitively are out of the office, and with a government shutdown likely to affect EPA starting Monday I may not be able to find out for at least the next few days. But I don't see anything in the text of the prepublication hearing notice referring to remote participation. Of course, it will be possible to submit written comments during the reopened comment period.

Hi Robyn - I'm working today, and (if the shutdown is averted) part of next week. I'll see what I can find out.

Abby:

Thanks for sending. I guess I'm surprised that the hearing will be in DC. Do you know if there will be the ability to make comment via skype or some other video conferencing, if APCD isn't able to send someone to DC for the hearing?

Thanks!

Robyn
